

# ECO<sub>2</sub>FUME<sup>®</sup> Fumigant Gas

## Description

ECO<sub>2</sub>FUME fumigant gas is a ready-to-use, non-flammable mixture of phosphine and carbon dioxide that enables highly effective fumigation in a wide variety of sealed-storage applications. It is dispensed external to storage or structures using simple techniques which avoid applicator exposure, eliminate confined space entry and enhance overall worker safety. ECO<sub>2</sub>FUME fumigant gas disperses and penetrates foods and non-foods quickly. Internal concentration levels of phosphine can be managed by adjusting the amount of fumigant released from the cylinder at any stage of the fumigation. Fumigant is quickly and easily aerated. It produces no waste by-products or dust residues, thus eliminating the hazardous deactivation and disposal issues typically associated with traditional fumigants.

## Technical Specifications

### ECO<sub>2</sub>FUME Formulation

- Phosphine (PH<sub>3</sub>): 2% (by weight)/2.6% by volume
- Carbon Dioxide (CO<sub>2</sub>): 98%

### Packaging

- High-pressure steel cylinder
- Gross weight of full cylinder: 211-215 lbs. (96-98 kg)
- Gross weight of empty cylinder: 143-147 lbs. (65-67 kg)
- Net weight of ECO<sub>2</sub>FUME fumigant gas per cylinder: 68.34 lbs./31kg. (1.34lbs/620 grams PH<sub>3</sub>)
- ECO<sub>2</sub>FUME fumigant gas cylinders are packaged in steel racks (16 cylinders per rack)
- Total weight of cylinders and rack: ~3,650 lbs.
- Cylinder valve connection: CGA 350 (left-handed thread)
- Cylinder configuration: fitted with a "dip" tube
- Internal cylinder pressure: 838 psig@70°F

### Equipment

- Stainless steel or hydraulic dispensing lines of suitable pressure rating and materials of construction\*
- Contact a Syensqo technical representative for exact specifications

### Dispensing Rate

- 0.4 - >36 lbs./min. ECO<sub>2</sub>FUME fumigant gas, or 3.6 - >320 grams phosphine/min\*\*

\*\* Cylinders can be manifolded together to achieve higher-end dispensing rates

### Fumigation Capabilities

- One (1) ECO<sub>2</sub>FUME cylinder is capable of fumigating up to 78,000 ft.<sup>3</sup> (2,209 m<sup>3</sup> or 62,680 bushels)

## Approved Storage and Applications Include\*

### Storage

- Warehouses
- Railcars, ship-holds, sea containers and trailers
- Bins and silos
- Tarps and bunkers

Storage size limitations: none

### Items protected

- Seed, flour, wheat, corn, rice and other grains
- Nuts, dried fruits, vegetables, cocoa and coffee beans
- Tobacco and other non-food commodities
- Processed foods
- Animal feed and feed ingredients

## Pests Eliminated

- Weevils (Rice, Granary)
- Indian Meal Moth
- Lesser Grain Borer
- Grain Beetles (Rusty, Saw-Toothed, Merchant)
- Flour Beetles (Red, Confused)
- Cigarette Beetle
- Warehouse Moth
- Warehouse Beetle

\* Refer to the approved application manual for a complete list of approved storage and applications and target pests.

## Product Benefits

Advantages of ECO<sub>2</sub>FUME fumigant gas compared to traditional fumigants include:

### Non-flammable

- This eliminates spontaneous flammability associated with metal phosphides, which can cause fires within the fumigated space
- Nonreactive with moisture or water

### Fast-acting

- Required concentration levels are achieved in hours, not days
- Only approved phosphine fumigant for 24 hour exposure time

### Easy application and control

- ECO<sub>2</sub>FUME is pre-mixed, and operators can easily vary concentration levels and exposure periods, ensuring elimination of all insect stages

## Enhanced worker safety

- ECO<sub>2</sub>FUME comes in ready-to-use cylinders that eliminate Worker contact. External applications eliminate confined space entry scenarios

## No Waste generation or disposal

- ECO<sub>2</sub>FUME yields no waste by-products, or dust residue that require retrieval and proper disposal

## Environmentally friendly

- Unlike alternatives, ECO<sub>2</sub>FUME Will not harm the ozone layer

## Cost-effective

## Safety Information

Refer to Syensqo's Material Safety Data Sheet, EPA approved product label and application manual for safe handling information.
